

Military Occupational Specialty (MOS) Administrative Retention Review (MAR2) Process: The process for requesting an administrative review for Soldiers issued a Permanent 3 or 4 Profile to determine ability to physically perform in their Primary MOS

Description

The MAR2 is a Commander's tool to identify Soldiers in their unit who have permanent medical limitations (P3/P4 profiles) and to request an administrative review to determine if the Soldier meets standards of his/her Area of Concentration (AOC) or Primary Military Occupational Specialty (PMOS). This is accomplished by an administrative review of the Soldier's permanent profile (DA Form 3349) against the AOC/PMOS standards outlined in DA PAM 611-211/AOC proponent, and recommendations from the Soldier and his/her chain of command on the Soldier's ability to perform in their AOC/PMOS in a deployed/field environment.

The State G1 is the final approving authority for MAR2 and will determine one of three outcomes for the Soldier: Retain in PMOS/AOC, reclassify, or referral to the Physical Disability Evaluation System (PDES).
